Summary of activities/results	The event went great. We did not make a lot of money but the feedback we

	<p>have received is that we created many SCA moments. I would like to look into raising site fees to accommodate inflation and raising the fee for cabin campers to offset the tent camping price. Would also like to eliminate the family cap and decrease youth fees to make up for it. I believe that the camp is willing to negotiate the tent camping with us and allow us to utilize them for larger events.</p> <p>Bar games had the traditional bar brawl, archery hunt, bar wench smack down etc, plus the kitchen.</p> <p>THE KITCHEN WAS FABULOUS!!!! I can't say enough about the staff or the quality of the food.</p> <p>Archery was lacking and ill prepared. The lack of active officers was truly felt at this event, I am proud to say that the populace really stepped up to fill those holes.</p>

#### **8. Notes:**

What worked well with this event? The staff! Great team, very organized. There were only 2 individual that had some communication issues, but they were great at the event

What did not work for this event? Lack of officer participation (archery marshal, heavy marshal)

The fee charged for tent camping. This was negotiated in the fall via a contract with the camp at a lower rate. The seneschal at the time did not submit this contract and we were forced to pay the default rate at the time of the event when this was discovered

How would you avoid these challenges? Insure that negotiations are completed in advance and things are submitted in a timely manner and all parties receive signed copies

What would you do differently? Advertise more, have more access to park hosts ahead of time and during the event to deal with needs. Insist that officers participate.

Notes on site

Love this site. The land is flat and level, great cabins and tent camping, the kitchen is also fantastic with industrial stoves etc. I would encourage the barony to continue to attend the camp clean up days and do fundraisers to solidify our connection to the camp and the community.

Suggestions for next time- rules about dogs in cabins, no kitchen prereg, access for maintenance help on site, have Mhari do the cooking!!!
